

Desarrollo de Aplicaciones Android
Carlos Chamorro
Tarea 1 : Integración Material Design.

1. Selección de colores.

colorPrimary :#00BCD4
colorPrimaryDark :#0097A7
colorAccent :#795548

2. Aplicación a mi proyecto

```
Edit all themes in the project in the theme editor. Open editor Hide no
<resources>
  <!-- Base application theme. -->
  <style name="AppTheme" parent="Theme.AppCompat.Light.DarkActionBar">
    <!-- Customize your theme here. -->
    <item name="colorPrimary">@color/colorPrimary</item>
    <item name="colorPrimaryDark">@color/colorPrimaryDark</item>
    <item name="colorAccent">@color/colorAccent</item>
  </style>
</resources>
```

3. Visualización
